Church Missionary Society archive

Index to printed volumes of *Extracts from the Annual Letters of the Missionaries* (1886-1912)

Part I: 1886-1904

Arranged alphabetically by name of missionary and thereunder by year (volume)

The volumes predominantly comprise copies of letters from CMS missionaries but include, for example, a few reports listed by mission or institution, letters from missionaries' wives and letters from missionaries working under other organisations (Church of England Zenana Missionary Society CEZMS, the Zenana Bible and Medical Mission ZBMM, Indian Female Normal School Society IFNS, and New Zealand Church Missionary Association NZCMA).

Annual Letters written before 1881:

Up to 1880, missionaries' Annual Letters are filed with the rest of their mission correspondence. To locate a missionary's Annual Letters, use the catalogues of the CMS Overseas (Missions) series where, for each mission area, missionaries' correspondence is arranged alphabetically by name of missionary in the sequences of incoming correspondence (Original Papers: O).

The catalogues are available electronically through the Cadbury Research Library Online Archive Catalogue and paper copies are held in the Cadbury Research Library Heslop Reading Room and at the National Register of Archives in London.

To search the Overseas (Missions) series through the Online Archive Catalogue, enter CMS/B/OMS in the AltRefNo field, click on the first entry that appears and then on blue highlighted text, repeating this last step as necessary until you reach the Finding Number of the Annual Letters in which you are interested.

Annual Letters written 1881-1959:

After 1880, the Annual letters are filed separately from the missionaries' other incoming correspondence.

With the exception of the letters in the printed volumes (1886-1912), for this time period, the Annual Letters are filed by Committee (eg G1, G2, G3, Africa Committee etc) and thereunder alphabetically by name of missionary. They are not searchable online* but are listed in the Precis books (P) which accompany the 1881-1934 incoming papers (Original papers: O) and can be requested in the Heslop Reading Room, using the following finding numbers **followed by the initials of the person in whom you are interested:**

G1 AL 1917-1934
G2 AL 1916-1934
G3 AL 1917-1934
